Nature of Trading

Trading is highly speculative in nature and carries a high level of risk and may not be suitable for all investors. The high degree of leverage can work against you as well as for you. This means that you may sustain a total loss of your funds and that you should always consult a financial professional before making any investment decisions. No representation is being made that any account will or is likely to achieve profits or losses.

Before you Trade

Before deciding to trade you should carefully consider your investment objectives, level of experience, and risk appetite. The possibility exists that you could sustain a loss of some or all of your initial investment and therefore you should not invest money that you cannot afford to lose. You should be aware of all the risks associated with foreign exchange trading and seek advice from an independent financial advisor if you have any doubts. Clearly understand this: Information contained within the Aries Financial, Inc.'s mobile App and website, is not an invitation to trade any specific investments.

Future Gain

Trading requires risking money in pursuit of future gain. That is your decision. Do not risk any money you cannot afford to lose. Do not act on information displayed in the Aries Financial, Inc.'s

These results are based on simulated or hypothetical performance results that have certain inherent limitations. Unlike the results shown in an actual performance record, these results do not represent actual trading. Also, because these trades have not actually been executed, these results may have under-or over-compensated for the impact, if any, of certain market factors, such as lack of liquidity. Simulated or hypothetical trading programs in general are also subject to the fact that they are designed with the benefit of hindsight. No representation is being made that any account will or is likely to achieve profits or losses similar to these being shown.

By using the Aries Financial, LLC's mobile App and website, you acknowledge that you are familiar with the above-mentioned risks and that you are solely responsible for the outcomes of your decisions. Aries Financial, LLC accepts no liability whatsoever for any direct or consequential loss arising from the use of the Aries Financial, Inc.'s mobile App and website. It's to be noted carefully in this respect, that past results are not necessarily indicative of future performance.
